

## Sushi Conveyors For Hire

**Add some movement to your party, wedding reception or promotional event.** There are six layouts to choose from so that you can choose a conveyor to suit the space available. Our portable sushi conveyor system is easy to transport and can be setup quickly. It makes a very professional, completely free standing sushi conveyor system. The conveyor has a silver crescent chain and a satin polished stainless steel body. It is situated on a stainless steel support table with folding legs. The sides have a wrap-round flexible cover. There is a choice of colours and the option to have the cover printed with your logo or

**Parties** - Just like in a Sushi Restaurant with a sushi conveyor belt, our portable conveyor can be the centre piece to your party moving food or drinks. You will find people can't

**Serving Drinks** - The efficient way of serving drinks at a function. Fully load the conveyor with drinks before your guests enter the function room so that everyone can be

**Buffet** - Perfect for wedding receptions, parties, corporate functions. Impress your guests with a moving selection of food.

**Products** - Making your products stand out of the crowd at an exhibition or promotional event can be difficult. Movement catches peoples attention and draws them in to look at your products. Watches, Lady's shoes, mobile phones to baseball caps, they have all been promoted using one of our portable conveyors.
